

Decorative Films

Decorative shapes like star, heart, moon, etc. are like magic. They can do anything from adding color in ways that have never been possible before in baked goods, Now, even flavors and sweeteners can be added to these films, which opens up a whole new world of opportunities and applications for this product. Variety of thickness is possible. We manufacture the shapes with various solubility rates ideal for use in active water systems. Furthermore, an insoluble product is available using sodium alginate, which is stable in a water environment for a prolonged period of time.

The major applications are in Cake decorations, Cake cream decorations, Bake decorations, Ice cream decorations, Cookie decorations, Chocolate decorations, Cup cake decorations, Health drink decorations, Yogurt decorations, Curd decorations, Cheese decorations, Puff decorations, Donut decorations, Bread decorations, Snack decorations, Candy decorations, Biscuit decorations, Centre cream filled biscuit decorations, Chewing gum decorations, Flavored cake decorations, Ice cream biscuits, etc.
